Summary

A basic concept of SOCIOEC is to ensure a broad participation of stakeholders and a direct inclusion of fishing companies / fishermen in the research. Therefore the internal communication, dissemination of results and a good work flow is substantial. WP7 will be the WP in charge of internal communication, stakeholder involvement process, outreach and dissemination and organise the knowledge transfer to and from the project.

Objectives

The overall objective of WP7 is to ensure effective external communication, dissemination and optimal outreach, as well as optimum participation of SME stakeholders in the process to ensure fishers will be endowed with the right incentives for a successful implementation of the future CFP.
